Dear Parent or Guardian:

We are using the Parent Notification System for many types of announcements ranging from school delays/closings or early dismissals to special events. You can specify either your home phone or your cell phone to be contacted by the Parent Notification System.

Please put the number below that you would like for us to put into our system. If you prefer not to be called, please check the appropriate box and we will remove your number from our list and you will not be called at all. ***Please return this form back to the school before August 23rd, 2011.***

Thank you,

Shane Voss, Ed. S.
Superintendent
